

DragonFlyBSD - Bug #2419

Wrong Distribution Image File: dfly-x86_64-gui-3.0.3_REL.iso.bz2

09/07/2012 02:41 PM - uwe

Status:	Closed	Start date:	09/07/2012
Priority:	Normal	Due date:	
Assignee:	justin	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
<p>The "gui"-Image to download from ftp-servers for the platform x86_64 is in fact a copy of the i386 image. The md5-checksums are identical. The same applies to the image dfly-x86_64-gui-3.0.3_REL.img.bz2.</p>			
<p>Best Regards, Uwe</p>
