

DragonFlyBSD - Submit #2723

Dependency handling for /usr/local/etc/rc.d/*

09/03/2014 03:39 AM - fgudin

Status:	Closed	Start date:	09/03/2014
Priority:	Normal	Due date:	
Assignee:	swildner	% Done:	0%
Category:	Other	Estimated time:	0.00 hour
Target version:	3.9.x		
Description			
/etc/rc.d/localdaemons doesn't use rcorder(8)'s annotations to sort 3rd party scripts according to their expressed dependencies. This patch against master is an attempt at doing so.			

History

#1 - 09/03/2014 04:34 AM - swildner

- Status changed from New to In Progress
- Assignee set to swildner

I remember us talking about it on IRC. Sorry for not having pushed this yet.

#2 - 09/03/2014 12:41 PM - swildner

- Status changed from In Progress to Closed

Thanks, I've pushed it (6d29710c69ed550b403193adb243ee1151997897)
