

DragonFlyBSD - Bug #675

Get rid of netgraph's *LEN constants

06/03/2007 04:04 PM - nant

Status: Closed	Start date:
Priority: Low	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	
Description Catch up a bit with FreeBSD netgraph by replacing *LEN constants with *SIZ constants which already account space for trailing '\0's. Obtained from: FreeBSD (sorta). Nuno.

Hmm. Just noticed that this breaks buildworld. I'm working on a patch to fix it.

Sorry,
Nuno

#3 - 06/03/2007 11:16 PM - nant

Here's another patch to fix buildworld breakage. Sorry about that.

#5 - 06/04/2007 12:37 AM - nant

Hopefully replace all references to *LEN with *SIZ now...

Note to self: Gotta learn to properly verify stuff before submitting.

Reported by: swildner@

Thanks,
Nuno

#6 - 06/04/2007 12:48 AM - swildner

Committed as well. :)

Sascha

#7 - 06/18/2007 02:47 PM - nant

All committed. Closing case.

Thanks,
Nuno
