

## DragonFlyBSD - Bug #2020

### Port brcm80211 driver from Linux to DragonFly BSD

03/05/2011 10:54 PM - studer

<b>Status:</b>	New	<b>Start date:</b>	
<b>Priority:</b>	Low	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Description</b>			
<p>In September 2010, Broadcom released a full opensource version under BSD licence of their driver for part of their WLAN hardware (BCM43224, BCM43225, BCM4313 (PCIe NIC)).</p> <p>That would be so nice if this could be added to DragonFly BSD.</p> <p>For more information, see :</p> <ul style="list-style-type: none"><li>- <a href="http://thread.gmane.org/gmane.linux.kernel.wireless.general/55418">http://thread.gmane.org/gmane.linux.kernel.wireless.general/55418</a></li><li>- <a href="http://wireless.kernel.org/en/users/Drivers/brcm80211">http://wireless.kernel.org/en/users/Drivers/brcm80211</a></li></ul>
