

DragonFlyBSD - Bug #2362

pw(8): Add an option to accept encrypted passwords

05/06/2012 07:27 AM - jaydg

Status: Closed	Start date: 05/06/2012
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	
Description Add a <code>-H <fd></code> option that is like <code>-h <fd></code> , but accepts an already encrypted password on the specified file descriptor. Taken-from: FreeBSD SVN 124382 This patch will allow to use puppet's FreeBSD user provider on DragonFlyBSD.
